EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bruce Adams on 6/21/05.

The application has been amended as follows:

The following new claims 4 and 5 (patent claims 3 and 4, respectively) have been added,

--4. The applicator according to claim 2, wherein a portion with a strong capillary action are formed in the opening of said ink connecting opening provided in said joint tube by shaping the opening in such a manner as to decrease the area of the transverse section of the opening from its outside circumference toward its inside circumference or providing the opening with a concavo-convex portion that creates a wide-clearance portion and a narrow-clearance portion on its inner circumference wall.

5. The applicator according to claim 1, wherein a portion with a strong capillary action are formed in the opening of said ink connecting opening provided in said joint tube by shaping the opening in such a manner as to decrease the area of the transverse section of the opening from its outside circumference toward its inside circumference or providing the opening with a concavo-convex portion that creates a wide-clearance portion and a narrow-clearance portion on its inner circumference wall.--.
